## *We Dedicate this Annual*

Because they, too, once were numbered among this student body; because they strolled down these halls, sat in these chapel seats, and daily entered these class rooms; because they studied in this library, loafed in this "Jack and Jill," courted under these arbors; because they cheered for the Bobcats from these bleachers, made gaiety at Social Hours in front of this Girls' Dormitory, and planned banquets and picnics in these club and class meetings; because they knew the happiness and problems of life on this campus; and because they still have a spot in their hearts reserved for these memories of J. C. J. C. days, we the Radionian Staff, proudly dedicate this issue of the Commencement Special to all

**T**HE LAUREL STARCH PLANT has always enjoyed and deeply appreciated the full cooperation of the Agricultural High School and Eilhsville Junior College authorities. All of the work by the Mississippi State College Experiment Station and the Bureau of Agricultural Chemistry and Engineering on varieties, fertilizers, and improved farm machinery is now being done on your campus.

Since September 1943, we have supplied the armed forces and our Allies something over a half-million pounds of dehydrated sweet and Irish potatoes. By July 1, 1944, with the cabbage season included the Denhydration Unit will probably total a million pounds. For 1944-45 the United States Army has requested that this plant produce a minimum of two million pounds of dehydrated sweet potatoes. This means that we must have for dehydration purposes alone not less than 200,000 bushels of Porto Rican and Unit No. 1.

Will you help us to attain this goal to the end that never again will our soldiers or our Allies suffer defeat because of our failure to produce the food necessary to supply the Army?

Our very best wishes go with you as you finish your academic year and we hope that the summer vacation and the work that follows will prove both profitable and pleasurable.

- ★ This issue of the Commencement Special marks the close of our twenty-first year of service to THE RADIONIAN.
- ★ So . . . for the pleasant business relations we have enjoyed — for the splendid co-operation accorded us under trying, war-time conditions — for the privilege
- ★ of working with a fine group of students and their sponsors, the faculty of Jones County Agricultural High School and
- ★ Junior College . . . we say

## Thank You!

- ★ . . . . and Best Wishes for your Happiness and Success in the years that lie before you.

# In Appreciation

This 1944 Commencement Special has been planned and printed under unusual difficulties due to wartime shortages of labor and materials. Because of these necessary restrictions, the annual in many ways has been changed and simplified to meet specified wartime standards.

There have been many who have been instrumental in helping us, the Recognition Staff, meet these problems confronting us. We are greatly indebted to Miss Betty

Rigway—our sponsor, Mr. F. B. Black—our printer,

Mr. D. M. Mason—our photographer, Mr. J. B. Young—

our school president, Mr. P. G. Jones—our cheer, busi-

ness manager, and all the students and faculty for their

efficient assistance and splendid cooperation. We are

truly appreciative to all those who helped make this

annual possible.
